FOREST RESEARCH PROGRAMS

A Selected Bibliography of United States Literature

Compiled by Frances J. Flick  
Division of Bibliography, Library  
in cooperation with the  
Forest Research Divisions, U. S. Forest Service

AMERICAN FOREST CONGRESS. Proceedings ... 1946. Washington, Amer. Forestry Assoc., 1947. 379 p. 99.9 Am3  
Forest and products research, p. 193-216: Co-ordination of research activities, by G. A. Garratt, E. N. Munns, and A. Hermann; Needed research in the woods, by G. L. Drake, and L. I. Barrett; Objectives in forest products research, by C. A. Rishell, P. M. Dunn, and G. W. Trayer; The Forest Survey: progress report, by E. C. Crafts.

AMERICAN FOREST PRODUCTS INDUSTRIES. COMMITTEE ON PRODUCTS AND RESEARCH. Making more markets for wood through research. Washington, 1945. 32 p. 99.75 Am32M  
A prospectus and research program outline, with budget estimates, resulting from resolutions by the National Retail Lumber Dealers Association, National Lumber Manufacturers Association, American Forest Products Industries, and Timber Engineering Company.

AMERICAN FORESTRY ASSOCIATION. The progress of forestry, 1945-1950. Washington, Amer. Forestry Assoc., 1951. 90 p. 99.61 Am3Pr  
Ch.5, Forest and wood-use research.

BAILEY, I. W., and SPOEHR, H. A. The role of research in the development of forestry in North America. New York, Macmillan, 1929. 118 p. 99.34 B15  
A report stemming from the National Academy of Sciences Special Committee on Forestry Problems. Contents: Agriculture as contrasted with silviculture; Research and its applications in silviculture as contrasted with agriculture and medicine; Present status of the forestry movement in the United States; Existing agencies for ... investigation in forestry; Can research ... be handled adequately by existing agencies? New agencies required.

- TOUMEY, J. W. Need for a unified forest research program. J. Forestry 17:281-289. Mar. 1919. 99.8 F768  
Advocates organization along the lines of German forest research institutes, and comments on the contemporary organization of forest research in the United States.
- TRUE, A. C. A history of agricultural experimentation and research in the United States, 1607-1925; history of the United States Department of Agriculture. U. S. D. A. Misc. P. 251,321 p. Ref. June 1937. 1 Ag84M  
For forestry, includes early reports and treatises, national development, legislation, and work of the Forest Service and the States.
- U. S. AGRICULTURAL RESEARCH ADMIN. Forests and forest products, including range and watershed investigations. In its Research and related services in the United States Department of Agriculture, 2, p.1521-1715. Dec.15,1950. 1.98 R314  
Part of the Pace Report.  
Reviews research programs in forest management, forest-fire control, watersheds and range, forest surveys, economics, insects and disease, forest products, and marketing.
- U. S. CONGRESS. SENATE. COMMITTEE ON AGRICULTURE AND FORESTRY. Forestry research. Hearing, 70th Cong., 1st sess., on S. 1183, a bill to insure adequate supplies of timber and other forest products for the people of the United States, to promote the full use for timber growing and other purposes of forest lands in the United States, including farm wood lots and those abandoned areas not suitable for agricultural production, and to secure the correlation and the most economical conduct of forest research in the Department of Agriculture, through research in reforestation, timber growing, protection, utilization, forest economics, and related subjects and for other purposes, February 28, 1928. Washington, 1928. 121 p. 99.34 Un3F  
Hearings on the McSweeney-McNary bill. Contains a copy of the bill, as does 70th Cong., 1st sess., House Rpt. 1363, 7 p. 1928, entitled Forest Products. 99.34 Un32R
- U. S. FOREST SERV. Cooperation in forest and range management research. Washington, 1951. 17 p. 1.962 A2C78  
Situation in the States, and trends in cooperative programs, especially on the non-Federal side; suggested approaches to increasing cooperative research; legislation, including a proposed bill to foster and stimulate cooperative research.
- U. S. FOREST SERV. Five-year forest research program. Washington, 1946. 12 p. 1.962 Z2F582  
Major problems; cooperation and coordination; organization and plans; financial program.
- U. S. FOREST SERV. The forest research program. In U. S. Congress. Senate. Committee on Appropriations. Agricultural appropriations for 1951. Hearings before the Subcommittee of the Committee on Appropriations United States Senate, 81st Cong., 2d sess., p.469-502. Washington, 1950. 1 Ag81 Ses  
Introduction; The basis of Federal responsibility; Magnitude of the research job; Organization and consolidation; Cooperation with the Forest Service in research; Use of research results; Need for effective research program.
- U. S. FOREST SERV. AND U. S. SOIL CONSERVATION SERV. Influences of vegetation and watershed treatments on run-off, silting, and streamflow; a progress report of research. U. S. D. A. Misc. P. 397,80 p. July 1940. 1 Ag84M  
Research in forest and range influences, p. 71-73.
- U. S. FOREST SERV. A national plan for American forestry ... The report of the Forest Service of the Agricultural Department on the forest problem of the United States. 73d Cong., 1st sess., S. Doc. 12, 2 v. 1933. 1 F76Na  
Known as the Copeland Report.  
Suggests research programs in the several aspects of forestry, as in The major problems (summary), by E. H. Clapp, p. 33-35,55-57; Wildlife a forest resource, by P. H. Roberts and J. H. Stone, p. 523-525; State accomplishments and plans, by H. A. Smith, C. R. Tillotson, and C. M. O'Donnell, p. 788-798; Privately supported and quasi-public forest research, by E. H. Frothingham, p. 985-992; Forest pathology, by C. Hartley and J. S. Boyce, p. 1135-1145; Research in forest products, by C. P. Winslow, p. 1365-1393; Protection against forest insects, p. 1415-1418; Protection against forest diseases, by C. Hartley, J. S. Boyce, and others, p. 1419-1428; A program for forest research by E. H. Frothingham, p. 1555-1574; and miscellaneous information on research costs, legislation, and related fields.
